Other: _____

PLEASE NOTE:

NHS Referrals to another “primary care” provider (Community Dental Service, MyDentist Southwick and Silver and Charlton) will involve payment of NHS treatment charges unless you have a valid exemption from these. These charges apply even if you have recently paid NHS treatment charges at Hetton Dental Practice, and will be in addition to these. Some providers may insist on payment in advance of you receiving any treatment and prior to booking an appointment.

We will only send your contact details, medical history and relevant information about your case to the provider we are referring you to. If there is any specific information that you do not want us to disclose, or other information which you may feel may be useful, please advise your dentist.

If there are any queries regarding your referral you may contact the provider we have referred you to directly, or contact the Practice for further advice.

If you would like a copy of your referral letter/correspondence please ask at reception.
